### **Remuneration and Conduct of Business**

Our Consultants are remunerated by commissions from product providers should you purchase the product. Commissions received may differ between different product providers and between types of products.

Our Consultants will help you with your financial plan by going through a Personal Financial Profiling and after careful analysis will then recommend suitable products for your financial objectives. Should you decide not to have any financial advice, we will then simply follow your specific instructions.

Our Consultants are trained and supported by qualified directors and product researchers. Our management team comprise of highly qualified and experienced industry leaders who believe in helping clients to enhance their lifestyle beyond financial freedom.
